

| Butterfly | Caterpillar Host Plants |
|---------------------------------------|---|
| Black swallowtail | parsley family - parsley, dill, fennel, carrot, Queen Anne's lace, Golden Alexanders (<i>Zizia aurea</i>), rue family - common rue, black snakeroot (<i>Sanicula canadensis</i>). Comment: Black snakeroot is a wonderful looking plant with tall spires of tiny white flowers that hum with bees for several weeks. Golden Alexanders bloom in late spring/early summer, before a lot of other plants. |
| Eastern tiger swallowtail | tuliptree or tulip poplar (<i>Liriodendron tulipifera</i>), wild black cherry (<i>Prunus serotina</i>), ash (<i>Fraxinus</i> spp.), sweet bay magnolia (<i>Magnolia virginiana</i>), willow, birch |
| Cabbage white (non-native) | mustard family - cabbage, broccoli, cauliflower, Brussels sprouts, garlic mustard (this is an invasive non-native), winter-cress |
| Clouded sulphur | Clovers, senna, and partridge pea (which is a lovely little self-seeding annual) |
| Orange sulphur | alfalfa, clovers |
| Gray hairstreak | flowers and seeds of - tick-trefoils, bush-clovers, clovers, mallows, hibiscus, and hawthorns, hollyhocks |
| Eastern tailed blue | clovers, bush-clovers, tick-trefoils, sweet clovers |
| Spring azure/ summer azure | buds and flowers of - flowering dogwood (<i>Cornus florida</i>), black cherry (<i>Prunus serotina</i>), viburnums, blueberries, apple trees, meadow-sweet (<i>Spiraea</i> spp.), New Jersey tea (<i>Ceanothus americanus</i>), wingstem (<i>Verbesina alternifolia</i>) |
| Great spangled fritillary | violets |
| Silvery checkerspot | ox-eye sunflower (<i>Heliopsis helianthoides</i>), sunflowers (<i>Helianthus</i> spp.), black-eyed Susans (<i>Rudbeckia</i> spp.), wingstem (<i>Verbesina alternifolia</i>), coneflowers (<i>Echinacea</i> spp.) |
| Pearl crescent | asters (<i>Symphyotrichum</i> spp) |
| Eastern comma | nettles, hops, elms (<i>Ulmus</i> spp.) Will sip juice from rotting fruit (such as |

| | |
|-----------------------------------|--|
| | overripe figs on the tree). Likes dandelion nectar. |
| Red admiral | nettles, false nettle (These butterflies sip juice from ripe figs.) |
| Common buckeye | English plantain, common plantain, figworts, vervains, snapdragon, toadflax |
| Monarch | milkweeds (<i>Asclepias</i> spp.) |
| Silver-spotted skipper | black locust (<i>Robinia pseudoacacia</i>), honeylocust (<i>Gleditsia triacanthos</i>), tick-trefoils, hog-peanut and other legumes, native wisteria |
| Juvenal's duskywing | oaks |
| Peck's skipper | rice cutters (<i>Leersia oryzoides</i>), little bluestem |
| Clearwing Hummingbird Moth | Viburnums, honeysuckles, blueberries. These moths look very much like hummingbirds but are about half the size. They are active during the day. |
